

**Wednesday 25th-Saturday 28th August 2021**

Online Event hosted by ICMS, Edinburgh

Talking Maths in Public is a conference for people who communicate mathematics to the public. Our 2021 event will be a chance to (virtually) get together and participate in workshops, discussions and training, to share ideas and get to know each other.

If you're interested in public engagement with maths, and would like to join the UK's top maths communicators for four half-days of learning and networking, visit our website for more information and to book your place.

Bursaries will be available to support attendance if needed. Our previous events fully sold out, so book soon!
